River Parks Ratkateers

Welcome to River Parks. We thank all volunteers for their time and individual efforts in making this event a success. The image of Tulsa and its citizens is reflected in your good work.

Volunteers are not employees of the River Parks Authority (nor the City of Tulsa or Tulsa County). Workers Compensation Insurance is not provided for volunteers. Because of this, your safety and the safety of our visitors are of the greatest concern. Please take time to familiarize yourself with your work area -- logistics, beverage, I.D., etc. - and notify your work-area supervisor if you have questions or concerns about your volunteer work duties.

If you have any physical conditions that limit your working ability, let us know in order that an appropriate job can be suggested for you. We encourage all volunteers to help make River Parks events safe and enjoyable by immediately reporting any potentially hazardous condition.

Please keep in mind that sending in this form does not guarantee you a volunteering shift, but only entry into our database.
